InvertaSpot GT Welder Automatic 13000Amp

[Call for Pricing](#)

New from Wielander+Schill the Fully Automatic InvertaSpot GT 13000Amp Spotwelder is a state of the Art German, Manufacturer approved Inverter Based, Water cooled Spotwelder. New Press and Go technology An automatic, process controlled spot welder with inverter technology. Very easy to handle and safe to use whilst always giving reliable welding results.

The InvertaSpot GT Automatic Spotwelder has completely upgradeable software.

The InvertaSpot GT Automatic Spotwelder carries the following Manufacturer Approvals:
Audi, BMW, Ford, Mini, Opel, Renault, Rolls Royce, Vauxhall and Volkswagen.

The invertaSpot GT automatically recognises and Measures the configuration and thickness of the panels

Clamping Force, Amps and Welding Time are automatically calculated.

The Parameters are set and there is no need for any manual adjustments

With high frequency Inverter Technology 10,000Hz

Technical Data

Continuant machine power 35kVA
Maximum welding current 13kA
Maximum Welding Power 156kVA
Power Supply Voltage 3 x 380V / 50Hz
Connection Profile 5 x 6mm
Adjustment Range 0.13kA
Protection Class IP21
Electrode Surface Pressure 600 max daN
Machine Dimensions 560mm x 750mm x 810mm (W x D x H)
Machine Weight 119kg
