Hurricane Want Chassis Bench (W-1800)

TOYOT & VW APPROVED CHASSIS BENCH

The Hurricane Want W1800 Chassis Bench is a new generation super luxury auto body reshaping system with unique properties. This complete accessories set is suitable for medium micro-buses, off-road vehicles and jeeps etc.

* The verticle lift platform can be raised to a height of 460mm

* The 3x Hydraulic twin-pulling towers can work around 360° and the oil cylinder works perpendicularly with an accurate and powerful pulling force.

* The imported assembled hydraulic system is powerful and reliable and is guaranteed to provide many years of service.

* The high accuracy super work platform provides versatile applications in one unit.

* The super platform and super high three pulling tower configuration makes the W1800 chassis bench particularly suitable for work on micro-buses, off-road vehicles and jeeps.

* The general purpose mechanical measuring system can be easily used to perform three dimensional measurements on the above-mentioned vehicles.

* complete plate work stretching and pulling toolkit is included to handle all types of reshaping.

100.00 28.35 97.44 cm /l2 Do Q

Clamps can be selected from the pulling and stretching toolkit according to the required job

The Hurricane Want W-1800 Chassis Bench Technical Data:

Platform Length 6500mm

Platform Width 2200mm

Platform Height 400-460mm

Hydraulic Pressure 70MPa (10,000psi)

Post Maximum Tension 95KN

Post Working Range 360°

Pneumatic Pressure Range 0.8MPa

Total Weight4000kg
Maximum Lifting Weigh3200kg
