## HURRICANE CHASSIS BENCH W3000

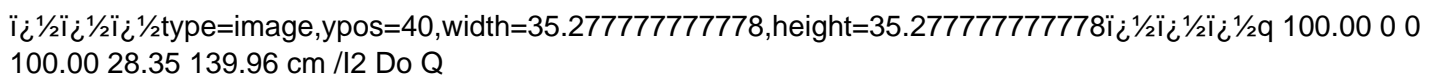

[Call for Pricing](#)

Hurricane Want Chassis Bench (W-3000)

### TOYOTA & VW APPROVED CHASSIS BENCH

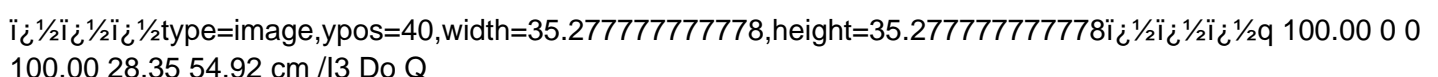

The Hurricane Want W3000 Chassis Bench is a new generation super luxury auto body reshaping system with unique properties and complete accessories set is suitable for medium micro-buses, off-road vehicles and jeeps etc.

- \* The vertical lift platform can be raised to a height of 1050mm
- \* The 2 x 360° Hydraulic twin-pulling towers can work around 360° and the oil cylinder works perpendicularly with an accurate and powerful pulling force.
- \* The imported assembled hydraulic system is powerful and reliable and is guaranteed to provide many years of service.
- \* The high accuracy super work platform provides versatile applications in one unit.
- \* The super platform and super high two pulling tower configuration makes the W3000 chassis bench particularly suitable for work on micro-buses, off-road vehicles and jeeps.
- \* The general purpose mechanical measuring system can be easily used to perform three dimensional measurements on the above-mentioned vehicles.
- \* complete plate work stretching and pulling toolkit is included to handle all types of reshaping.

**The Hurricane Want W-3000 Chassis Bench Technical Data:**

Platform Length 5700mm  
Platform Width 2100mm  
Platform Height 300-1050mm  
Hydraulic Pressure 70MPa (10,000psi)  
Post Maximum Tension 95KN  
Post Working Range 360Â°  
Pneumatic Pressure Range 0.8MPa  
Total Weight 3500kg  
Maximum Lifting Weight 3000kg
